Art

Term 1	Term 2	Term 3
<p>Warning – students will be drawing from real life taxidermy insects, please contact your child’s art teacher if you wish them to draw from photographs instead.</p> <p><u>Insect Project & and Introduction to Colour Theory</u></p> <p>A brief introduction to colour theory and art techniques, including: observational drawing, proportion, scale, tone, mark making and Zentangle patterns.</p> <p>Pupils will be encouraged to take their own photographs to work from.</p> <p>They will experiment with watercolour painting and bleeding techniques.</p> <p>Artist research includes Christopher Marley and Damien Hirst.</p>	<p><u>Insect project continued into 3D materials</u></p> <p>Using sketchbooks and annotation in order to develop their skills, pupils will create a variety of designs in their sketchbook so that they can apply this to either a 3D Clay ‘Japanese Netsuke’ inspired mini bug, or working collaboratively to create a bug installation.</p> <p>Pupils will also get to see the various career paths within art, craft and design, from fine artists to jewellery makers.</p>	<p><u>Identity/ Cultures – Adinkra (West African Art)</u></p> <p>Pupils will research West African art and its culture. They will explore, printmaking, collage, painting and how to present their work. They will look at pattern making and its application to print or graphic design.</p> <p>Pupils will focus on the theme of symbolism and their personal identity, pupils will draw from their own personal objects and resources both realistically and then through simplification.</p>
Term 4	Term 5	Term 6
<p><u>Identity/ Cultures – Adinkra (West African Art)</u></p> <p>Refining and practising skills learnt so far, pupils will design, create and evaluate a final piece either individually or in groups. This will be either be a poly print onto collaged surfaces or a large oil pastel piece with stencils painted on.</p> <p>They will also learn how to write an artist’s personal statement.</p>	<p><u>Mexican Day of the Dead</u></p> <p>Pupils will be building a sketchbook of work with drawing, artist research and experimentation inspired by Mexican culture, specifically the Day of the Dead. They will also explore the work of Thaneeya McArdle.</p>	<p><u>Day of the Dead 3D work</u></p> <p>Refining and practising skills learned, pupils will design, create and evaluate a 3D final piece. This final piece can either be a shrine that is created form a range of materials that they will make in response to celebrating a loved one, or it may be a 3D mask or clay piece.</p>
Resources	Students are provided with a sketchbook. All materials needed will be provided by school.	

Setting	Students are taught in mixed ability Learning Groups.
Assessment	Students are assessed formally at the end of each project but have regular formative assessments throughout the term.
Home Learning	We set homework twice per term (6 week block); one is assessed and one to support the learning in class which is research, revising or gathering resources or taking photos.
Extension work	Art club runs every other term which is an opportunity to work with a teacher improving specific skills.

Computing and ICT

Term 1		Term 2	Term 3
Clear messaging in Digital media		Programming in Scratch (Part 1)	Networks
<p>Students will gain familiarity with a variety of different programs that they might use in their other subjects such as browsers, PowerPoint and image editing software.</p> <p>They will be using these programs while learning how to present their ideas digitally.</p>		<p>Students will be introduced to various programming constructs through the use of Scratch. These include:</p> <ul style="list-style-type: none"> • Sequences • Variables • Selection • Operators • Count-controlled iteration 	<p>Students will be introduced to the infrastructure both hardware and software that make up networks including the World Wide Web. Concepts around network and internet security will also be covered.</p>
Term 4		Term 5	Term 6
Programming in Scratch (Part 2)		Modelling data using spreadsheets	Use of digital media
<p>Students will be introduced to various programming constructs through the use of Scratch. These include:</p> <ul style="list-style-type: none"> • Subroutines • Condition controlled iteration • Lists 		<p>Students will gain experience in using excel to be able to use, read and write spreadsheets to perform basic functions including data entry, manipulation and analysis.</p>	<p>Students will improve their understanding of how to use word processors as well as consider issues surrounding copyright and licensing. The credibility of sources, both on and offline will be covered as well.</p>
Text book	N/A		
Setting	Students are taught in mixed ability Learning Groups.		
Assessment	Students are assessed formally at the end of topics. Results provide a running formative assessment throughout the year, as recorded in Key Stage 3 Tracking Sheets. Computing also lends itself particularly well to ad hoc feedback in the classroom as they provide students with continuous feedback.		
Trips and expenses	While there are no set trips, one-off trips may occur and students are actively encouraged to participate.		

Home Learning	Students are set home learning proportionally with curriculum time which would average to once per timetable cycle (2 weeks). Homework will be set and submitted via Class Charts. Student will be made aware of various digital resources throughout the year that they can access within home learning.
Extension work	Students are encouraged to be curious and extend their learning independently. Websites that are useful are: http://www.bbc.co.uk/news/technology http://www.wired.co.uk/topic/technology http://www.bbc.co.uk/education/subjects/zvc9q6f

Dance

Term 1	Term 2	Term 3
Discovering the basic Dance actions Safety in dance Warmup technique phases Physical skills (posture, coordination, extension and mobility). 5 key dance Actions Elements of Space Different Dynamics Introducing devices Formations, Canon and Unison Assessment	Fireworks Warmup technique phases Physical skills (posture, coordination, extension and mobility). What is a Motif Use of 5 key dance actions Motif and development Choreography and responding to a set stimulus Assessment	African Dance Warmup technique phases Physical skills (posture, coordination, extension and mobility). Stylistic features Low gravity Torso isolation Body percussion Call and response Timing Facial expression and emotion Choreography and responding to a set theme/idea Assessment Optional home work – mask making
Term 4	Term 5	Term 6
Stimulus Responses Warmup technique phases Physical skills (posture, coordination, extension and mobility). Responses to various stimulus Unison Motifs using 5 key dance actions Developed Motifs Crafting a choreography (may continue into Term 5) Assessment	Rock N Roll Warmup technique phases Physical skills (posture, coordination, extension and mobility). Partner Work (mixed gender) Musicality Expression and Character Timing Taking and Sharing Weight Social interaction Assessment	Street dance Warmup technique phases Physical skills (posture, coordination, extension and mobility). Creating a street dance Recalling set street dance actions Using formation effectively Using canon and unison Creating a group lift Group performance

Text book	None used
Uniform	St Laurence Blue PE tops, PE shorts or plain black thick (not see through) leggings or joggers
Setting	Students studying Dance will be in mixed ability groups
Assessment	There will be regular class performance assessments. All students also complete skills assessments at the end of each lesson. This tests Physical, Technical, Expressive and Mental skills.
Trips and expenses	While there are no set trips, one-off dance trips may occur and students are actively encouraged to go to the theatre to watch dance as much as possible.
Home Learning	N/A
Extension work	Extra-curricular KS3 Dance club

Design and Technology

Terms 1-6

*Students work in three areas of Design & Technology – Food, Resistant Materials (RM) and Textiles. Groups rotate throughout the year to cover all of the units of work detailed above.

Food

You will learn the basic rules of health and safety, food hygiene, healthy eating (using the traffic light system) and safe food storage and preparation, whilst also developing practical skills – e.g., creaming, rubbing in and melting method. You will learn how to adapt recipes, using nutritional analysis software, to make them healthier e.g., higher in fibre. You will design and make a healthy pizza for your family. You will need to conduct research, analyse your results, and then develop a design that your family will enjoy. You will make and evaluate your pizza. Focused practical tasks will help you to develop practical skills further, for example, making a fruit salad, pasta dishes, fruit crumble and scones.

Textiles

You will learn about materials, how to operate the sewing machines and use them safely and independently. You will design and make a cushion cover, introducing colour using tie-dye techniques. You can then add surface decoration using applique. You will learn how to hem and sew simple seams to make your cushion cover. You also explore how other materials can be used within Textiles such as plastics to make a sunglasses case. Your personal hobbies and interests will be focused on as inspiration for your products.

RM

You will make a block bot, key ring, tea-light and small copper bookmark working with different materials (wood, metal and plastic) to learn about safety procedures and materials. You will learn how to use equipment safely. You will use CAD/CAM to decorate these products.

Text book	N/A
Setting	Students are taught in mixed ability teaching groups. They rotate through RM, Food and Textiles modules throughout the course of the year. * Each module lasts approximately two terms (three hours per fortnight)
Assessment	Students are assessed formally at the end of each project but have formative assessments throughout the year; these focus on generating ideas, planning, making and evaluation.
Trips and expenses	Voluntary pupil contributions for RM and Textiles. Cost of food ingredients for practical work (Please notify your Food teacher if this presents any difficulties as help can be sought for school to provide these ingredients).

Home Learning

Food - Sourcing, weighing and preparing of ingredients is considered to be homework for all students and this will be set once a fortnight. On the odd occasion, students will have tasks to complete at home. This will be completing design ideas, completing time plans or carrying out a piece of research. This will be set once per term.

DT and Textiles - Students will be set one piece of assessed homework per term which will go towards their current project.

Drama

Terms 1		Terms 2	Terms 3
Introduction to Drama ‘Drama is Serious Fun’ Using the space safely Developing collaboration skills & creating a safe space to perform Activities to develop transferable skills – including confidence, communication, concentration. Introduction to basic Drama techniques including tableaux, thoughts aloud, transitions.		Development of Subject Skills Communicating using physical & vocal skills Pandora’s Box performance	Knowledge and Understanding Learning to interpret the language of Shakespeare. Exploring Shakespeare in performance
Terms 4		Terms 5	Terms 6
The Tempest Developing understanding of Shakespeare through exploration of ‘The Tempest’		Core Skills Creating and sustaining tension on stage	Subject Skills Using Spontaneous Improvisation to create drama. Introduction to devising. Exploring a play script – Ernie’s Incredible Illucinations by Alan Ayckbourn
Text book	None used		
Setting	Students taking Drama will be in mixed ability groups		
Assessment	There will be regular class performances and students are assessed formally at the end of each term on creating, performing and/or evaluating Drama.		
Trips and expenses	It is hoped that Year 7 will be given the opportunity to watch at least one piece of live theatre.		
Home Learning	N/A		
Extension work	Extra-curricular Drama including a summer term production		

English

Term 1		Term 2	Term 3
Difficult Choices		Difficult Choices	Stories from the Past
When the Sky Falls by Phil Earle (novel). Reading a story about difficult choices; exploration of characterisation, historical context, story structure and language choices.		Developing a critical understanding of a novel and discussing the key issues within it; understanding characterisation and atmosphere; developing essay writing skills and appreciation of word choice and techniques used by writers	Narrative Poetry. Understanding the effect of using poetic techniques; exploring how a poet creates effective atmosphere and character through language;' transforming Tennyson's poem 'The Lady of Shalott' to a different setting in a piece of creative writing.
Term 4		Term 5	Term 6
Stories from the Past		Heroes and Villains	Heroes and Villains
Introduction to Shakespeare. Gaining an appreciation of the techniques and language used by Shakespeare through excerpts from a variety of his plays. Developing an understanding of his language and the plays in performance.		Frankenstein. Developing a critical understanding of a classic Gothic novel (in play form) and discussing the key ethical issues within it. Whole text argument essay response to answer the question: Who is the real monster?	Action Heroes and Villains: Exploring a range of different kinds of heroes and villains; writing creative and non-fiction responses.
Text book	Students access a range of fiction and non-fiction texts throughout the year. Students have access to school copies of <i>Frankenstein</i> and <i>When the Sky Falls</i> , as well as collections of poetry, non-fiction and short stories.		
Setting	Students are taught in learning groups, generally by one teacher, sometimes two. The learning group teacher sees the class six times a fortnight.		
Assessment	There is at least one summative assessment per short term, and we assess a range of reading and writing skills. Schemes of learning are designed to enable students to develop the knowledge and skills required for the assessments beforehand, through formative assessment, modelling of work and building on prior knowledge and skills.		
Trips and expenses	There are no extra expenses or trips in Year 7. However, the English department runs writing clubs that students may choose to attend and they may have the opportunity for a theatre trip if appropriate. Students also have the opportunity to visit the ILC once a fortnight to discover new books and develop their enjoyment of reading.		
Home Learning	English homework is set once a week. The homework tasks will vary, but will be focused on preparing for new learning, consolidating or extending learning. Occasionally, students will be given a longer task to complete over a more extended period of time.		

Extension work

Both classwork and homework should be accessible, but also differentiated, so that there is an opportunity for students to be appropriately challenged. There is also an extensive book list put together by the English department and ILC, accessed through the school website, which has many wider reading texts that complement the scheme of learning that is being studied.

French

Term 1		Term 2	Term 3
Topic 1 - Avoir Greetings Classroom items Numbers and Months Pets Age Family Describing what people look like		Topic 2 – Etre and Aimer Describing personalities School subjects Opinions and reasons Time and timetable School day Food Schools in francophone countries	Topic 3 – ER Verbs Gadgets - computers and mobiles Sports Hobbies and activities Opinions on hobbies
Term 4		Term 5	Term 6
Topic 4 – Second verb infinitives and aller Places in the town Giving directions Where you go at the weekend Invitations What you can do in town La Francophonie		Topic 5 – Future Tense and Conditional Tense Countries Getting ready to go out Buying food and drink Holiday plans Dream holidays	
Resources	We follow the Access and Studio 1 textbooks from Pearson although we do not feel buying a copy for at home is necessary. The school has a subscription to the Linguascope website. Login details will be distributed in class. Students will also be given a log in to an interactive learning platform called ActiveLearn.		
Setting	Students are taught in mixed ability Learning Groups.		
Assessment	All students complete common assessments at the end of each until which test listening, speaking, reading and writing skills, these will also test students' translation skills both into and from the foreign language.		
Home Learning	In Term 1 only vocabulary learning will be set. From Term 2 onwards home learning is set once per cycle of the timetable and can include vocabulary learning, reading comprehension tasks, cultural research, written tasks and online tasks on the ActiveLearn platform.		

Geography

Term 1		Term 2	Term 3
How do settlements change over time? A look at how villages and towns grow into different shapes and patterns. Students will discuss how Bradford-on-Avon has changed over time, making use of historical and present-day maps, research skills and developing their use of “GIS” through the online tool “Digimaps”.		How do settlements differ around the world? Investigating how cities grow and how people live differently outside of the UK. Students will compare lifestyles and investigate the issues associated with living in “shanty towns”. Among other places, attention is given to the “favelas” of Brazil’s major cities.	Is Earth running out of natural resources? A look at how Earth’s different ‘spheres’ interlink to create a distinct and unique environment for us to live on and how human activity is having an increasing impact on Earth’s ability to sustain our lifestyles.
Term 4		Terms 5 & 6	
Why is the coastline under threat? Completing their study of physical geography, we consider how humans manage dynamic landscapes. Focussing on the UK coastline, students investigate the effectiveness of coastal defences.		How could we investigate the Geography of St Laurence? Students will undertake project work that will allow them to develop group and individual study skills by collecting data within the school grounds, before presenting and analysing the results in detail. Projects are likely to focus on investigations into the school’s “microclimates” or other issues such as litter/sustainability.	
Text book	While we may use certain pages occasionally, we do not use one text book at KS3 Geography.		
Setting	None - students are taught in mixed ability Learning Groups.		
Assessment	All students complete common assessments throughout the topics (they will complete approximate 1 or 2 per topic). Homework tasks and classwork will also contribute towards students’ progress.		
Trips and expenses	Year 7 Geography makes good use of the school grounds. While there are no set trips, one-off excursions may occur (e.g. in the past we have visited the Olympic Park) and students are actively encouraged to explore their local surrounds and use different maps regularly – Geography is all around you!		
Homework	From term 2, Geography homework will be set approximately fortnightly and may include research/fact-file tasks, presentations, written reports or revision for in-class assessments. Whilst this will not be explicitly marked, it will be used to support your child’s progress in lessons.		
Extension work	Students should always try to keep an eye on the various news outlets. Useful websites include the following: <ul style="list-style-type: none">- http://mapzone.ordnancesurvey.co.uk/mapzone/- http://www.bbc.co.uk/newsround/		

- | | |
|--|---|
| | <ul style="list-style-type: none">- http://www.naturalengland.org.uk/information_for/students_and_teachers/default.aspx- http://www.metoffice.gov.uk/learning |
|--|---|

German

Term 1		Term 2	Term 3
Topic 1 - Sein Introductions Counting to 19 and ages The alphabet Personalities		Topic 2 - Haben Pets Family members Describing people Colours Birthdays	Topic 3 – Regular Present Tense ER verbs Sports Leisure activities Gadgets – computers and mobiles
Term 4		Term 5	Term 6
Topic 4 – Weil and Word Order School subjects Days and times Describing teachers School facilities and equipment		Topic 5 – Conditional tense and asking questions Places in the town Buying snacks and drinks Summer holiday plans	
Resources	We follow the Stimmt 1 textbook from Pearson although we do not feel buying a copy for at home is necessary. The school has a subscription to the Linguascope website. Login details will be distributed in class. Students will also be given a log in to an interactive learning platform called ActiveLearn.		
Setting	Students are taught in mixed ability Learning Groups.		
Assessment	All students complete common assessments at the end of each until which test listening, speaking, reading and writing skills, these will also test students' translation skills both into and from the foreign language.		
Home Learning	In Term 1 only vocabulary learning will be set. From Term 2 onwards home learning is set once per cycle of the timetable and can include vocabulary learning, reading comprehension tasks, cultural research, written tasks and online tasks on the ActiveLearn platform.		

History

Term 1		Term 2	Term 3
EQ1: How and why has sanitation in Britain improved over time?		EQ2: Was English Heritage right to call the Anglo-Saxon period the 'Dark Ages'?	EQ3: Did the historian Marc Morris get it right about the significance of the Norman Conquest?
		EQ3: Did the historian Marc Morris get it right about the significance of the Norman Conquest?	EQ4: How important was religion in the Middle Ages?
Term 4		Term 5	Term 6
EQ5: How and why was the monarchs' authority challenged in the medieval period?		EQ6: What were medieval peasants' lives really like?	EQ7: What travelled along the Silk Roads?
			EQ8: How well do you know the Middle Ages?
Text book	We use a wide range of resources. Teaching & learning is not based on a textbook.		
Setting	Students are taught in mixed ability Learning Groups.		
Assessment	At the end of each enquiry, students will produce a piece of work that demonstrates their understanding of the disciplinary skills and substantive knowledge that the enquiry has focused on. Three of the six end tasks will be formally assessed, but all contribute to a building a picture of the progress students are making. Students will also complete regular knowledge tests for each topic.		
Home Learning	History homework will be set approximately fortnightly and may include research/fact-file tasks, presentations, written reports or revision for in-class assessments. Students are expected to spend 30 minutes on this homework. Whilst this will not be explicitly marked, it will be used to support your child's progress in lessons		
Extension work	http://www.english-heritage.org.uk/ http://www.nationaltrust.org.uk/ Students are encouraged to extend their interest in the subject through visiting historic sites, reading around the subject, watching and listening to news, current affairs and history related programmes.		

Maths

Terms 1-3	
<p>Algebra – Expressions – forming, interpreting and equivalence; Equations – forming and solving; Substitution; Linear Graphs.</p> <p>Number – Place Value – integers, decimals and measures; Properties of number – factors, multiples, squares and cubes; Arithmetic procedures with integers and decimals.</p> <p>Shape – understanding the concepts of perimeter and area in a range of problem-solving contexts</p>	
Terms 4-6	
<p>Number – Arithmetic procedures involving negative integers, decimals and fractions; Convert fluently between decimals and fractions; Understand multiplicative relationships involving fractions and understanding how this relates to the concept of ratio; Use a range of representations to connect multiplicative relationships with a range of contexts.</p> <p>Shape – unit conversion, transformations, plans, elevations and nets, solving geometrical problems.</p>	
Text book	We refer to the online version of Kerboodle textbooks associated with mymaths by Oxford University Press, which vary according to level of ability being taught.
Setting	Students in year 7 are taught in learning groups of mixed ability with four groups in each half of the year. Setting is introduced in Year 8 based on performance in tests and other data from KS2 and year 7, as well as learning behaviours. Setting is fluid and assessed at regular intervals throughout the year.
Assessment	All students complete a baseline assessment in September, an assessment according to their ability during term 2 and 4, and complete an end of year assessment.
Trips and expenses	N/A
Home Learning	Maths home learning is approximately 30 minutes per week and may include online tasks via the mymaths and Kerboodle websites, worksheets on current topics or preparation for forthcoming topics, research activities or revision.
Extension work	Mymaths and Kerboodle are good online resources for use throughout KS3

Music

Theme 1	Theme 2	Theme 3
Transition Developing listening skills by exploring a range of music for instruments and the voice from different cultures and periods in history. Developing ensemble performance skills through singing/playing together. <ul style="list-style-type: none"> Introducing critical listening and analysis by focusing on set works and writing about what a composer has accomplished Learning to perform and evaluate a set of songs, both in unison and in harmony, with an opportunity to take part in a public performance 	Ensemble Performing - Ukulele Developing ensemble performance skills through playing the ukulele both in small groups and as part of a class ensemble. <ul style="list-style-type: none"> Learning to play simple chords and read basic tab notation in order perform melodies and accompany songs. 	Composing - Ostinato Developing composing skills through working with a range of instruments. <ul style="list-style-type: none"> Learning to use ostinato patterns and pulse to develop musical ideas in response to a given brief
Theme 4	Theme 5	Term 6
The Keyboard Developing skills in musical theory and notation. Developing keyboard skills for performance and composition, both as a soloist and in small ensembles. <ul style="list-style-type: none"> Learning about the different ways musicians notate their music and experimenting with a range of graphic and traditional notations Learning to perform and improvise with musical patterns and chords; experimenting with the different capabilities of keyboard and piano 	Performing and Composing - Pop in the Past Developing listening, performing and improvising skills through engagement with a range of folk and traditional music <ul style="list-style-type: none"> Learning to perform work songs/sea shanties/other folk songs, both as a singer and an instrumentalist; learning to experiment and improvise with musical patterns and chords to create particular musical effects 	
Text book	None used.	

Setting	Students taking Music will be in mixed ability groups.
Assessment	There will be regular class performances and opportunities to test listening skills. All students also complete formal assessments at the end of each unit which involve either a live performance, a recording of their work or a piece of writing.
Trips and expenses	While there are no set trips, one-off concert visits may occur and students are actively encouraged to go to performances in the WMC.
Home Learning	N/A
Extension work	Extra-curricular Music ensembles; Grade V Theory; attend a concert in the WMC.

Physical Education

Term 1		Term 2	Term 3
Football (girls) Rugby (boys) Inter house cross country		Rugby (Girls) – In conjunction with Bath Rugby Netball Badminton Football (Field) Gymnastics Inter house rugby (Field)	Netball Badminton Gymnastics Football (Field)
Term 4		Term 5	Term 6
Netball Badminton Gymnastics Football (Field)		Fitness Athletics Inter house	National school sports week Cricket Rounders
Kit	Please see the kit list found using the link below: School Uniform St Laurence School (st-laurence.com)		
Grouping	This year St Laurence School are committed to growing participation in girls' football and rugby. As a result, all students will be grouped by gender in terms 1 and 2 to facilitate this experience. After this, they will then be taught in their learning groups where they will cover a range of activities and opportunities.		
Assessment	Pupils are assessed on their performance throughout each term using the ME in PE approach. This is an assessment process that looks at all aspects of the student, not just their practical ability but also their knowledge and understanding. This complements the departments drive to develop physical literacy.		
Trips and expenses	Clubs and fixtures are available for the majority of sports taught in school. Look out for the extra-curricular programme that will be released in tutors each term. All clubs run by PE staff are FREE and OPEN TO EVERYONE.		
Home Learning	N/A		
Extension work	Pupils are encouraged to attend after school clubs to develop their skills and interest in a sport and potentially represent the school in fixtures.		

PSHE - Please note that the PSHE curriculum may change during the year to meet the needs of our students. If you would like an up to date version, please email; chabry@st-laurence.com. Miss Charlotte Bryer, Head of PSHE.

Term 1		Term 2		Term 3	
<ul style="list-style-type: none">• Introduction to PSHE – What is it and why is it important?• Transition to KS3/Secondary school• Friendships• Resilience Personal development		<ul style="list-style-type: none">• Learning to learn- reflection• Student reflective speeches• Wellbeing activities• Learning to learn – Organisation, Creativity• Developing learning skills/Appropriate behaviours		<ul style="list-style-type: none">• Personal development• Bullying• Online safety• Social media- digital resilience	
Term 4		Term 5		Term 6	
<ul style="list-style-type: none">• Mental Health• Careers• Drugs – legal and illegal, alcohol, behaviours/grooming drugs, smoking and vaping.• 		<ul style="list-style-type: none">• My identity – attraction/orientation, key terminology• Positive relationships• Introducing consent – scenarios, inappropriate and unwanted contact• FGM – physical and emotional, support• Something’s not right – abuse disclosures – basic info on abuse• Abuse• Families – types – role of the parent, stable family life		<ul style="list-style-type: none">• Puberty• Periods, wet dreams, erections• Healthy lifestyles – Diet, dental health & hygiene• UK Parliament• British values First Aid	
Text book	N/A				
Setting	Taught in learning groups.				
Assessment	Through verbal contributions and progress review sheets.				
Home Learning	One piece during the Careers topic. Any additional teacher directed 'follow up' if deemed necessary				
Extension work	As part of differentiated work in class.				

RE

Term 1	Term 2	Term 3
Authority Students will study a wide range of world – views in order to master the knowledge and understanding needed engage with the following topics: <ul style="list-style-type: none"> • Human and divine authority • Ultimate authority • Monotheism and the characteristics of a monotheistic God • Authority of Jesus • Trinity 	Authority Students will study a wide range of world – views in order to master the knowledge and understanding needed engage with the following topics: <ul style="list-style-type: none"> • Arguments for and against miracles • Jewish concepts of divine authority • The authority of religious texts and the written word • Literal and non-literal interpretations • Islamic concepts of divine authority 	Would the world be better with or without Religion? Students will study a wide range of world – views in order to master the knowledge and understanding needed to answer the following questions: <ul style="list-style-type: none"> • What does it mean to be religious, have a worldview and what is an ideology? • What are the conditions for a better world?
Term 4	Term 5	Term 6
Would the world be better with or without Religion? Students will study a wide range of world – views in order to master the knowledge and understanding needed to answer the following questions: What are the different roles performed in society by: <ul style="list-style-type: none"> • Places of worship • Education • Family • Media 	What does it mean to have a good life? Students will study a wide range of world – views in order to master the knowledge and understanding needed to answer the following questions: <ul style="list-style-type: none"> • Who are good role models in society? • Does religion contribute to a good life? • Is it easy to live a Good life? 	What does it mean to have a good life? Students will study a wide range of world – views in order to master the knowledge and understanding needed to answer the following questions: <ul style="list-style-type: none"> • What makes a life valuable? • What does a life well lived look like? • What are the characteristics of a good person?
Resources	While we may use certain pages for various topics, we do not use one text book at KS3 RE.	
Setting	None - students are taught in mixed ability Learning Groups.	

Assessment	All students complete common assessments towards the middle and at the end of topic. These assessment strands are based on different skills, one will be a explanatory essay, whilst the other essay will be an adjudicatory essay where students are marked on their ability to construct a well-supported argument
Home Learning	Home learning will not be given until term 3 and tasks will then be set twice a term. These tasks are supported through the student drive, where there are many resources to help with home learning
Extension work	The library and the student drive will have many resources that can allow a student to deepen their understanding of the topic.

Science

Terms 1 & 2		Terms 3 & 4	Terms 5 & 6
Introduction to Science at St Laurence - Safety procedures, getting to know the laboratory, key practical skills. Cells - Plant and animal cells, specialised cells and single celled organisms. Particles - States of matter, changes of state and the particle model. Forces – What are forces? Types of forces and forces in action.		Structure and function of Body Systems - tissues and organs, gas exchange and the skeleton. Elements, atoms and compounds - What are atoms like? How do we make a compound? What are chemical formulae? Space - What's in the solar system? What's in the universe? Phases of the sun and moon.	Reproduction - Male and Female reproductive organs, what happens during pregnancy? Plant reproduction. Acids and Alkalis – Hazards of acids and alkalis, indicators and making salts. Sound – Introduction to waves, how does your ear work? How do we measure sound?
Text book	We use the Oxford University Press Activate course as a guide for our scheme of work. Students can access the text book and resources using their kerboodle login. Kerboodle		
Setting	None - students are taught in mixed ability Learning Groups.		
Assessment	All students complete common assessments during each topic. Usually this will consist of a task to test scientific skills and knowledge. A longer, knowledge-based summative test will be given to students towards the end of the year.		
Trips and expenses	Science makes good use of the school grounds throughout the year. Whether it is modelling particles in the quad or sampling invertebrates around the grounds. STEM opportunities vary each year with minimal or no cost involvement		
Home Learning	All homework will be set via Class Charts. This will include: <ul style="list-style-type: none"> Learning Journey Tasks in the Learning Journey Topic booklets. This a set resource across the year group including checklists, keywords, knowledge organisers and extended response question. There is a learning journey for each topic which includes the topic's homework's. These will be stuck in to exercise books but also posted on class charts. In the first couple of homework's students will be asked to complete the topic checklist and learn the keywords for an in-class quiz. Students will then be asked in the following homework, to complete the extended response question and in the final homework, use the knowledge organiser and all they have learnt to revise for an end of topic test. 		
Extension work	The online text book we use in class can be accessed via Kerboodle, along with other revision resources and activities. Students should always try to keep an eye on the various news outlets. Useful websites include the following: <ul style="list-style-type: none"> http://www.sciencemuseum.org.uk/onlinestuff.aspx http://www.nasa.gov/audience/for kids/kidsclub/flash/ 		

- <http://www.rsc.org/learn-chemistry/resource/listing?searchtext=&fcategory=all&filter=all&fAudience=AUD00000002&reference=students>
- <http://www.bbc.co.uk/newsround/>

BBC Bitesize has recently been updated with key topics for Key Stage 3.
