Beware of “the gap”…

- Students make a huge “jump” from GCSE content and understanding to A-Level

- It is imperative that we have high expectations of attitudes to learning to support students in making a successful “jump”

- To support, we provide a two-day induction process in Term 6 following exams. This includes:
  - Meeting the 6th Form team
  - Taster lessons
  - Wellbeing activities to get to know each other

Making your A Level choices

- The days of deciding your career now, have gone
- Universities, Apprenticeships & Employers want to see good attainment – most are not concerned with combinations – but do your research.
- Never do something because a friend is!

The absolute key is:

- Choose subjects you will enjoy
- Choose subjects you can attain well in

Making your A Level choices

- One subject per block
- Advise to study three A Level subjects
- A few may start with four before dropping on in September
- Entry criteria available in prospectus – check these carefully
