## Headteacher's Update

### Dear Parents and Carers

I hope you had a wonderful summer

We are delighted to begin this academic year by celebrating the many successes of our pupils over the summer. Our exam results were outstanding, reflecting not only the hard work and resilience of our students but also the dedication of our staff and the support of families. These achievements are a source of great pride for the entire St Laurence community, and we warmly congratulate all those who have now moved on to the next stage of their journeys, whether that be further study, apprenticeships, or the world of work.

At the same time, the start of a new school year has brought fresh energy to our corridors. It has been a real joy to welcome our new Year 7s, who have already begun to settle in with curiosity, confidence, and enthusiasm. Likewise, we are thrilled to see our new Year 12 students joining the 6<sup>th</sup> Form, both from St Laurence but also many other schools, bringing with them ambition and a strong sense of community spirit. We know that transition points can feel both exciting and daunting, and we are deeply impressed with how our students have embraced these new beginnings.

Looking ahead, our priority remains to ensure that every child at St Laurence flourishes academically, socially, and personally. We believe that education works best as a partnership, and we look forward to working closely with you, our parents and carers, to support and guide our young people through the opportunities and challenges that lie ahead. With your encouragement and our shared commitment, we are confident that this year will be one of growth, achievement, and joy for every member of our school community.

Together, let us continue to make St Laurence a place where every child can thrive.

Thank you, Mr Farrar

### Further news from Mr Farrar:

I am sorry to inform you that **Mrs Gallally**, one of the Art team, made the decision over the summer to leave teaching. She has done this for family reasons and sends her best wishes to all the students she has taught. The school also wish her the very best for the future.

Mrs Gallally has worked at St Laurence for many years and her service to the school and its students cannot be underestimated or left unmentioned.

## **From: The Lord Fitzmaurice Education Foundation**

*The Lord Fitzmaurice Education Foundation is a local charity that provides grants to local schools, groups and individuals in and around Bradford on Avon, with the objective of promoting and supporting education, in its broadest sense, to children and young adults aged 25 years and under.*

*The Foundation is administered by eight trustees who meet formally once a year.*

*The Foundation was set up when the assets of Fitzmaurice Grammar School, which was in Junction Road, were sold after the amalgamation with Trinity Secondary Modern school in 1980 to form St Laurence Comprehensive. The Foundation is a joint founder of the school together with the Church of England.*

*The trustees of the foundation play an active role at St Laurence, two of whom serve as School Governors and one who sits on the Academy Board.*

*The trustees, historically, have had an association with the grammar school either being an ex-pupil or member of staff, however, going forward, the Lord Fitzmaurice Education Foundation want to increase the number of trustees and appoint a representative(s) of the wider community to ensure the educational ethos of the foundation continues in the future.*

*If you have an interest in the education and support of young people in the town and would like to become a trustee of the foundation please contact, via email, Lloyd Stephens: [lordfitzmaurice1980@gmail.com](mailto:lordfitzmaurice1980@gmail.com) for further information.*

### **From the parents of Sam Dowding, Y11 A1**

We wanted to write to you to let you know that Sam took part in the Swim England GoCardless National Swimming meet in July. The top 24 ranked swimmers in England in each event were invited to attend, and Sam competed in both the 50m & 100m backstroke in the 15 year Open/Male age group.

It was a fantastic experience for Sam - he trains for 14 hours per week in the pool and gym, so it was great to see his hard work and dedication pay off. He had a super season, competing at county, regionals and nationals and he also broke four Team Bath AS club records, one of which had stood since 2011!

The event was streamed on YouTube and we have attached some photos that we thought you might like to see.

# What Parents & Educators Need to Know about VPNs

## WHAT ARE THE RISKS?

### BYPASSING RESTRICTIONS

VPNs are commonly used by young people to get around blocks on school networks or parental controls. This could include accessing social media, gaming sites or adult content that would otherwise be filtered out.

### ACCESSING INAPPROPRIATE CONTENT

When a VPN is active, content filters can no longer see which sites a child is visiting. This means they could access inappropriate content without detection. This also makes it harder to intervene when a child is engaging in risky behaviour, as it may be difficult to detect it's happening.

### REDUCED TRANSPARENCY

VPNs may make parental monitoring software ineffective, stopping parents from monitoring their child's activities, including their ability to identify potentially harmful or inappropriate content or online contact. This in turn may prevent parents from protecting their children from attempted sextortion or other online threats.

VPN use among UK teens is on the rise – with a noticeable uptick following the introduction of the Online Safety Act's age-verification rules. A VPN – or virtual private network – can boost online privacy by hiding internet activity and masking the user's location. But while this technology has legitimate uses, it can also allow children to bypass safety filters and access inappropriate content. This guide covers what parents and educators need to know about VPNs and how to keep young people safe.

### FALSE SENSE OF ANONYMITY

Children believing that VPNs make them 'invisible' online may seek to explore unsuitable internet content, including content which might otherwise be blocked. This may result in them seeking and accessing increasingly inappropriate – or even harmful – content.

### INCREASED EXPOSURE TO MALWARE

Many free VPN apps are poorly regulated and may carry hidden malware. Young people installing unverified software could unknowingly open up their device (and home network) to spying, data theft, computer viruses, or even remote access by criminals.

### RISK OF MALICIOUS VPN PROVIDERS

Although VPNs may increase privacy from network or service provider filtering and monitoring, this results in providing user and usage data to VPN providers. Some VPN providers may track user activity and sell that data to advertisers – or worse, malicious third parties. Not all VPNs are trustworthy.

## Advice for Parents & Educators

### EXPLAIN THE POSSIBLE BENEFITS OF VPNs

Explain how VPNs can help protect user data and therefore may be appropriate when using public or other unsecured Wi-Fi, or while dealing with sensitive corporate or personal data.

### EXPLAIN THE RISKS OF VPNs

Discuss online risks, including harmful, disturbing, and criminal content. Inform children about criminal contact, such as sextortion, and how VPNs may restrict adults from monitoring children's internet use and helping them avoid these risks.

### FREE ISN'T FREE

Discuss the risk of 'free' VPNs and how they may sell or use people's data, which adds privacy risks. Additionally, discuss the potential for added malware in VPN downloads, and how these compromise devices and apps, leading to potential fraud or theft.

### CHECK DEVICES FOR VPNs

VPNs can be installed as both apps and browser extensions, so regularly check these on the devices used by the young people in your care. If they have been using VPNs, discuss it, listen to their reasoning, and inform them of the associated risks. In some cases, it may be appropriate to block VPN use via parental controls and other settings.

### DISCUSS ONLINE BOUNDARIES

Reinforce the importance of keeping safe online and how filtering and monitoring helps keep young people safe – explain this to them rather than just 'being strict'. Encourage an open conversation around what they're accessing and why.
